Victory Series Tow Bars

Dominator™

Part # 9511008

Patent# 6502847, 6612604, 6764092, 7837216 & Patent Pending

- Weighs only 30 lbs.
- Tows up to 7,500 lbs.
- Independent self-supporting arm
- Easy trigger release
- Adjustable towing angle
- Rise or drop male receiver
- Safety cables are included with all Demco Tow Bars
- Rated at 14,000 lbs.
- Limited Lifetime Warranty

Excali-Bar II

Part # 9511009

Patent# 6502847, 6612604, 6764092, 7837216 & Patent Pending

- Weighs only 46 lbs.
- Tows up to 10,500 lbs.
- Independent self-supporting arm
- Easy trigger release
- Adjustable towing angle
- Rise or drop male receiver
- Safety cables are included with all Demco Tow Bars
- Rated at 14,000 lbs.
- Limited Lifetime Warranty

Commander

Part # 9511010

Patent# 6502847, 6612604, 6764092, 7837216 & Patent Pending

- Weighs only 41 lbs.
- Tows up to 6,000 lbs.
- Independent self-supporting arm
- Easy trigger release
- Adjustable towing angle
- Rise or drop male receiver
- Safety cables are included with all Demco Tow Bars
- Rated at 14,000 lbs.
- Limited Lifetime Warranty

Kwik-Tow

Part # 9511011

- 2" Ball coupler type, Class III
- Tows up to 5000 lbs.
- Arms adjust from 20” to 36.5”
- Safety cables are included with all Demco Tow Bars
- Rated at 14,000 lbs.
- Limited Lifetime Warranty

Victory Series
Tow Bar Features

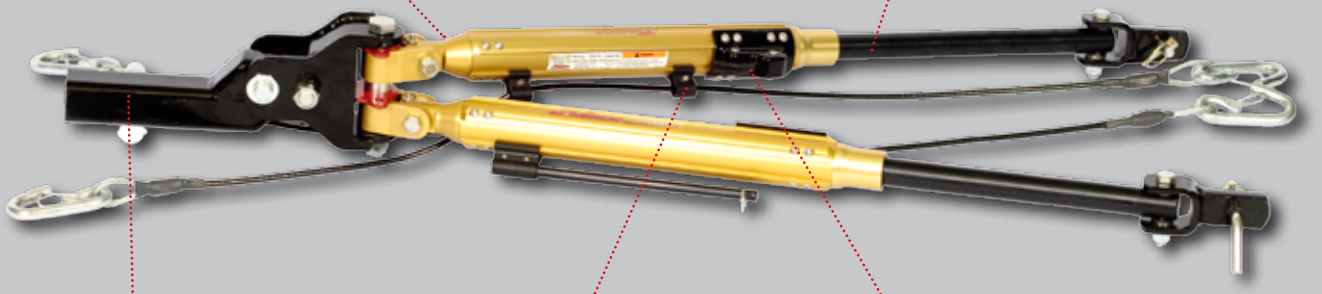
Patent# 6502847, 6612604, 6764092, 7837216 & Patent Pending

Independent Arms for Easy Hook-up

- True independent arm movement

Self-Supporting Arms

- When unfolded, they will not fall to the ground! Makes hooking up faster and easier



Easy Trigger Release

- No extra tools required for hook up or release! Truly non-binding

Safety Cable Mounting Clips

- Ensures Tow Bar's vinyl covered safety cables are attached securely out of the way

Rise or Drop Male Receiver

- 1½ inch rise/drop receiver tube

Victory Series Tow Bar Features

Independent Arms for Easy Hook-Up

- Exclusive design allows for true independent arm movement
- Vertical bolt design lets you maneuver the tow bar one leg at a time & eliminates having to step over the towing system when hooking and unhooking

Safety Cable Mounting Clips

- Vinyl covered safety cables are attached securely out of the way with safety cable mounting clips
- Eliminates the worry of cables dragging or the problem of what to do with them at your destination

Easy Trigger Release

- Truly non-binding design makes it easy to hook and unhook
- Angled design of the internal latch block allows the trigger release to activate under pressure
- No extra tools required to hook up or release

Rise or Drop Male Receiver

- Standard 1½ inch rise/drop receiver tube: No other tow bar manufacturer can stake this claim!
- Eliminates the need to purchase additional drop or rise equipment: The most versatile tow bars in the industry!

Adjustable Towing Angle

- Attached head joint is adjustable
- Adjusts so that your tow bar is level or parallel with the road while towing
- Adjustable head pivots up or down allowing 3 inches of displacement in addition to the 1½ inches of the offset receiver for maximum versatility. Unmatched in the industry!

No Ball & Coupler

- Victory Series Tow Bars are RV mounted in the receiver hitch of the RV
- Self-aligning and adjustable from the hitch
- Eliminates the need to line up a coupler to a ball and receiver

P.O. Box 189 • 4010 320th Street • Boyden, Iowa 51234

Victory Series Tow Bar Features

Self Aligning... It's This Easy!

- Simply align the vehicle being towed as close as you can behind the motorhome
- Hookup the connecting legs, safety cables, appropriate wiring, and any accessories
- Slowly back-up the towed vehicle and the Victory Series Tow Bar legs will lock into the towing transport position - saving you valuable time & frustrations!

Self-Supporting Arms

- All Demco Victory Series Tow Bars are self-supporting
- Resistance is built into the tow bar connecting legs to create the self-support
- When unfolded, the tow bars will not fall to the, ground making hooking up faster & easier

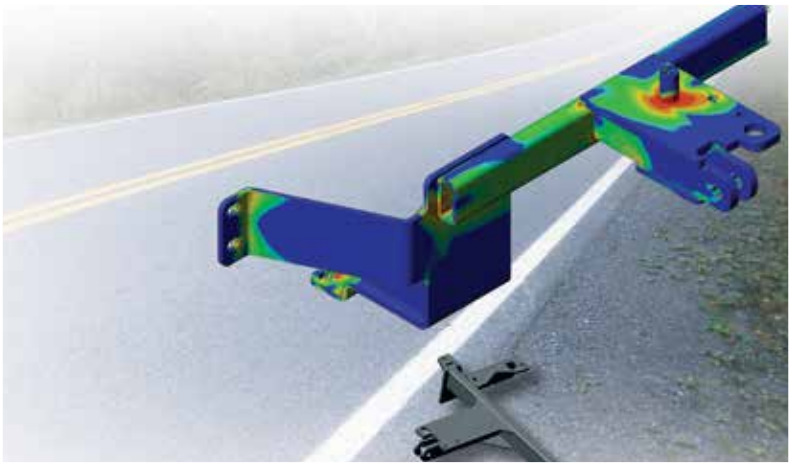
Stores in Multiple Positions

- Versatile design permits multiple storage positions
- Independent arm movement enables user to store it to the right, left, or one leg each way
- Able to be stored on the motorhome

Limited Lifetime Warranty... Only Manufacturer to Offer It!

- Demco Tow Bars have a Limited Lifetime Warranty to be free from defects in materials and workmanship under normal use and service from date of purchase by the original (first) retail owner, or until it is resold or transferred by the original owner.
- Any part of the Demco Tow Bar found in the judgment of the manufacturer to be defective in materials or workmanship will be repaired or replaced at the manufacturer's discretion without charge for parts or labor to the original owner.

At Demco we take your safety seriously! That's why our engineers use Finite Elemental Analysis (FEA) to test the strength, functionality and durability of our baseplates.



UNLESS YOU'RE LOOKING FOR IT, YOU PROBABLY WON'T SEE IT!

WHY PAY MORE for removable tabs???

At Demco we build our baseplates to custom fit your vehicle. Each vehicle is brought to our engineering design center and built vehicle specific. When we say "accessible.... but not visible" we mean it! **NO MORE WORRYING** about misplaced tabs, no more wondering about removing that heavy metal from the front of the car, should I take them off or leave them on? .....At Demco we make it **EASY**! We are the best at working with the car design to minimize the aesthetic impact. With Demco just **HOOK UP AND GO!**

- Bolts permanently to the chassis of the towed vehicle and provides a secure, reliable attachment point for all Demco tow bars.
- Hookup to a Demco baseplate is easy - two attaching pins with quick pins and two safety cables with safety hook retainers.
- Available for a wide variety of late model towed vehicles.

Contact your dealer, call Demco, or visit our website for the latest Demco baseplate fit list.

Tow Bar Debris Deflector

9523025

TOWED VEHICLE PROTECTION

There's a world of difference between the comfort behind the steering wheel of your motorhome and the raw elements behind your rear bumper. Elements like loose gravel, road tar and other road debris get hurled at high velocity toward your towed vehicle. The Sentry® Tow Bar Deflector is constructed of resilient, high density polyethylene and is attached to the connecting ears of the Demco Tow Bar.

Sentry™ Deflector Adapter for Blue Ox Baseplate

9523061

Adapter for Demco, Stowmaster™ and Blue Ox® RV mounted Tow Bars to Roadmaster™ Baseplate

9523027

The Sentry® Deflector takes very little space to store. It comes with its own storage bag.

Sentry™ Deflector for Towed Vehicle 9523025

- Unique position and 30º angle deflect debris down and away from your vehicle. Messy cleanup and costly paint chip repair are minimized.
- High density polyethylene retains its shape and takes destructive abuse.
- Lightweight, but strong, the Sentry® Deflector is durable, yet pliable and flexible.
- Easy to install or remove, it assembles from three parts that lock together (no tools required).
- Fringed bottom edge allows more flexibility - minimizes damage to deflector caused by curbs and extreme dips and bumps.

Tow Bar Accessories

Towing Combo Packages

Everything you need for towing your vehicle!

Diode Package

Package includes:

- 6 Way Coiled Lighting Cable (9523006)
- Diode Wiring Kit (9523010)
- Marine-grade, Vinyl Storage Cover (9523042)
- Three Pin Locking Kit (9523068)
- 7 to 6 Way Adapter (9523053)

**These parts can be ordered separately, please see page 13)*

Bulb/Socket Package

Package includes:

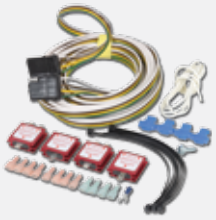
- 6 Way Coiled Lighting Cable (9523006)
- Bulb & Socket Wiring Kit (9523047)
- Marine-grade, Vinyl Storage Cover (9523042)
- Three Pin Locking Kit (9523068)
- 7 to 6 Way Adapter (9523053)

**These parts can be ordered separately, please see page 13)*

Wiring Kits

Towed Vehicle Taillight Wiring /Diode Kit

9523010



Kit includes:

- 4 heat sealed diodes
- 26' 4-conductor 16ga wire
- butt connectors
- ring terminals
- nylon ties
- wiring instructions

- Heat-sealed diodes to connect your motorhome's running lights, turn signals and brake lights to your towed vehicle
- These diodes prevent the backflow of electrical feedback to protect both vehicles' electrical systems

Bulb Taillight Wiring Kit

9523047

Kit includes:

- bulbs and sockets
- 26' 4-conductor 16ga wire
- butt connectors
- ring terminals
- nylon ties
- wiring instructions

- Self contained wiring kit is designed to by-pass your towed vehicles' proprietary wiring system
- Eliminates the need to tap into the towed vehicle's electrical system
- Wiring is routed underneath the towed vehicle to a front mounted socket at the front of the car
- Installer's note: There must be adequate room inside the towed vehicle's taillight lens housing to allow for an extra bulb and socket.

Flex–Coiled Wiring Cables

4 Way Coiled Lighting Cable
9523004
6 Way Coiled Lighting Cable
9523006
7 to 6 Way Coiled Lighting Cable
9523054
7 to 4 Way Coiled Lighting Cable
9523069

- Expandable coiled wiring cables connect the electricity from the motorhome to the towed vehicle
- Cable has vinyl coating and all plugs are silicone-injected to limit corrosion and moisture
- Designed to withstand the elements and rigor of every towing situation
- Coiled wiring cables expand to over 7' in length and contract for storage when not in use

P.O. Box 189 • 4010 320th Street • Boyden, Iowa 51234

Tow Bar Accessories

7 to 6 RV Adapter
9523053

Adapter allows vehicles wired with 7-RV Blade sockets to tow vehicles/ trailers with 6-way round connector.

Diode Kit
9523063

- Heat-sealed diodes to connect your motorhome's running lights, turn signals and brake lights to your towed vehicle
- These diodes prevent the backflow of electrical feedback to protect both vehicles' electrical systems
- Package includes four diodes

Light Bar
KKLB

- Light Bar attaches to towed vehicle with suction cups and straps.
- Light angle adjustment is standard with 30' wiring harness.

Two Quick Pins
9523045

Two Standard Pins with Quick Pins
9523046

We hope you never have the need for extra pins and clips! But should you want the peace of mind that you have an extra set, or your original set has been misplaced, we have what you need.

Sold in pairs

3 ½" Receiver Extension
9523052

Sometimes you just need a little extra room. This receiver extension is designed to use a bike rack when towing with a Victory Series Tow Bar.

54" Straight Safety Cables
9523051

64" Straight Safety Cables
9523055

Coiled Safety Cables
9523003 **86" in length*

- All cables are strength tested at 7000 lbs.
- All cables are rated at 14,000 lbs. when used in tandem
- Cables are vinyl coated to protect the tow bars
- All Demco Victory Series Tow Bars come with safety cables
- Sold in pairs

12" Safety Cable Extensions
9523064

18" Safety Cable Extensions
9523065

Great for when you need additional length on your existing safety cables!

- Each extension is strength tested at 7000 lbs.
- Extensions are rated at 14,000 lbs. when used in tandem

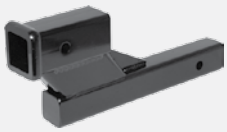
Sold in pairs

Tow Bar Storage Cover
9523042

- Marine-grade vinyl cover to protect your tow bar from the elements
- Comes with an attractive Demco logo
- One year warranty

4" Drop/Raise Receiver for Victory Series Tow Bars
9523059

6" Drop/Raise Receiver for Victory Series Tow Bars
9523060



- 4" and 6" drop/raise receivers
- Aid in achieving the proper towing height and can be turned up or down to solve the "out of level" towing situation
- Designed using Finite Elemental Analysis (FEA)
- Tested to 10,500 GVWR and up to 100 lbs. tongue weight

Pull Ear Covers
5899

Sold in pairs

- High density polyethylene baseplate pull ear covers provide an attractive way to cover the baseplate ears
- Covers simply snap on to the baseplate when not in use

5/8" Locking Hitch Pin
9523066

Add an element of safety to your tow bar! With this you can lock your tow bar to your motorhome's receiver.

Two Locking Baseplate Pins
9523067

Three Pin Locking Kit
9523068

**All keyed alike.*

- Used for securing your baseplate to your tow bar and your tow bar to your motorhome
- These locks are designed to discourage theft and tampering
- Contains one 5/8" Locking Hitch Pin (9523066) and one pair of Locking Baseplate Pins (9523067)

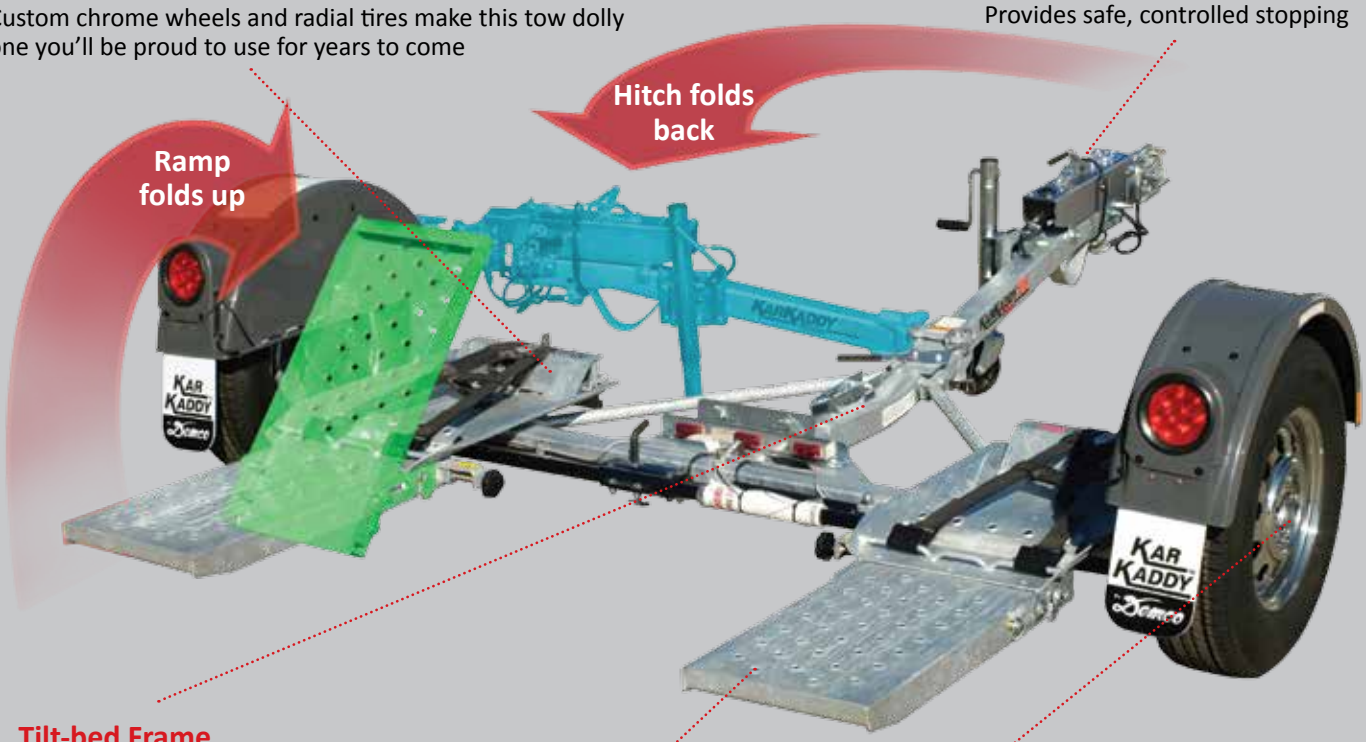
Demco KarKaddy SS™

Durable Galvanized Finish

Custom chrome wheels and radial tires make this tow dolly one you'll be proud to use for years to come

Hydraulic Surge Brake System

Provides safe, controlled stopping



Tilt-bed Frame

Provides fast, easy loading. Positive locking mechanism on tilt-bed does not require a separate loose pin

Disc Brakes

Provides optimal braking

Attached "SURE-GRIP" Loading Ramps

Provide safe loading traction

VIDEO *Watch at www.towdemco.com*

Demco KARKADDY™ SS

Kar Kaddy™ SS will tow almost any vehicle, large or small, without difficult, time-consuming adjustments to axles or ramps. This means no bolts to tighten and no heavy components to reposition.

P.O. Box 189 • 4010 320th Street • Boyden, Iowa 51234

Demco KarKaddy SS™

Solves the space storage problem

Unfolded Kar Kaddy™ SS length is 133"

Many RV park lots are not deep enough to accommodate your motorhome and tow dolly.

Folded Kar Kaddy ™ SS length is 67”

By using only half the space, you can fit both the motorhome and tow dolly comfortably in almost any RV lot. Or you can store your tow dolly in front of your car in your garage at home.

- Will accommodate front wheel drive standard or automatic transmission vehicles.
- Less than 100 lbs. tongue weight, when loaded, for improved ride and handling of towed vehicles. Ideal for towing by mini-motorhomes.
- Auto-steer cornering makes turns problem-free.
- Lower center of gravity for towed vehicle improves stability.
- Dual safety chains for towed vehicle are standard.
- Wheel jack to help move the dolly when not loaded.
- LED lights give more illumination and longer life.

Unfolded, the Kar Kaddy SS ™ takes as much space to store as any other tow dolly. But there’s not enough space for the car and the tow dolly.

A folded Kar Kaddy ™ SS and your car can fit comfortably in your garage with room to spare.

Demco KarKaddy™ SS

9713045 Kar Kaddy™ SS (w/Surge Brakes)

NEED MORE SPACE? FOLD IT!

- Disc brakes
- Perfect solution for RV parks that are not deep enough to accommodate your motorhome and tow dolly
- Fully extended= 133 inches long
- Folded= 67 inches long
- Hydraulic surge brake system
- Chrome wheels with radial tires and dual safety chains
- Sealed bearing hubs with a 3-year unlimited warranty
- Less than 100 lbs. tongue weight when loaded, for improved ride and handling of tow vehicles
- Total towed vehicle weight: 4,700 lbs.
- Axle capacity: 3,500 lbs.
- Towed vehicle tread width: 42” min., 76” max.
- Galvanized finish
- Auto-steer
- EZ-Latch coupler

Demco KarKaddy™ 3

9713046 Kar Kaddy™3 (w/Surge Brakes)

TOWS ALMOST ANY VEHICLE WITHOUT ADJUSTMENTS TO AXLES OR RAMPS

- Disc brakes
- No bolts to tighten, no heavy components to reposition
- Tilt bed frame with positive automatic relatch locking mechanism for easy loading
- Less than 100 lbs. tongue weight when loaded, for improved ride and handling of tow vehicles
- Sealed bearing hubs with a 3-year unlimited warranty
- Axle capacity: 3,500 lbs.
- Total towed vehicle weight: 4,700 lbs.
- Hydraulic surge brake system
- Towed vehicle tread width: 42” min., 76” max.
- Black powder coat paint finish, with hot dipped galvanized components
- Auto-steer makes turns problem-free
- EZ-Latch coupler

Demco Tow-It™ 2

9713047 Tow-It™2 (w/Surge Brakes)

IDEAL FOR RV OWNERS WHO NEED AN ECONOMICAL, DEPENDABLE AUTO TRANSPORT

- Disc brakes
- Low tongue weight when car is loaded (approx. 100 lbs.)
- Fully enclosed, no-rust, no-dent polyethylene fenders for towed vehicle protection
- 5th wheel design, swivel platform, “sure-grip” galvanized ramps
- 14” wheels and radial tires
- Towed vehicle tread width: 42” min., 68” max.
- Hydraulic surge brake system
- Black powder coat paint finish, with hot dipped galvanized components
- Sealed bearing hubs w/ a 3-year unlimited warranty
- EZ-Latch coupler

Tow Dolly Debris Deflector

Quality Protection

There's a world of difference between the comfort behind the steering wheel of your motorhome and the raw elements behind your rear bumper. Elements like loose gravel, road tar and other road debris get hurled at high velocity toward your towed vehicle.

Sentry™ Deflector for Tow Dollies 5950

- Unique position and 30° angle deflect debris down and away from your vehicle. Messy cleanup and costly paint chip repair are minimized.
- High density polyethylene retains its shape and takes destructive abuse.
- Lightweight, but strong, the Sentry® deflector is durable, yet pliable and flexible.
- Easy to install or remove It assembles from three parts that lock together (no tools required)
- Fringed bottom edge allows more flexibility - minimizes damage to deflector caused by curbs and extreme dips and bumps.

- GVWR (unit weight plus max. carrying capacity) - 3,500 lbs.
- Towed vehicle tread width - Min. - 42" (inside to inside of tire), Max. - 68" (outside to outside of tire)
- Total towed vehicle weight - 4,700 lbs.
- Maximum towed vehicle body width - 68"

CAUTION: Read your motor vehicle owner's manual to determine proper towing procedure. All vehicles must be towed with the front axle on the auto transport. Check Tow Dolly Operator's Manual at ***www.demco-products.com***, for clearance guides.

All vehicles to be towed on Demco Auto Transports must be towed with the front axle on the dolly. Some cars may be too wide in the body area to properly fit on an 8' wide auto transport even though the front tire measurement is 68" or less (the 1992 Oldsmobile 88 and 98 are examples).

If you are planning to tow a new or late model full size car, we would recommend the 8 1/2' wide KK370SB or KK460SS.

Always follow weight limitations when choosing a Demco Auto Transport.

8 1/2' wide auto transports may be subject to width restrictions on roads in some states.
